I'm señora Melgar, I'm currently teaching Spanish 1-2 for 7th and 8th grade at Muirlands middle school. I have taught Spanish from preschool to high school over the past 6 years for the San Diego Unified School District. In addition to teaching grammar rules, students learn language through games, music, stories, and culture: creating a "living classroom experience" I'm from Mexico City and love to share with students the Hispanic language and culture. I have a B.A. in Spanish Literature from the University of California San Diego (U.C.S.D) and an M.Ed. in education from UCSD.
